Faculty of Medicine & BHAAAS symposium: Unlimited Medicine

May 23rd 2017

Amphitheater "Akademik Seid Huković"

Faculty of Medicine University of Sarajevo

It is my great honor and pleasure to invite you to attend "Unlimited Medicine" symposium organized by the Faculty of Medicine University of Sarajevo and Bosnian-Herzegovinian American Academy of Arts and Sciences (BHAAAS).

The symposium will take place at the **Faculty of Medicine University of Sarajevo, Čekaluša 90, on May 23rd 2017, from 9.00 a.m. to 16.00 p.m.**

The symposium aims to establish a networking platform where academics, medical professionals, researchers and students will meet and share their insights of trends in medicine, experiences, knowledge and new perspectives.

In that manner, a Signing Ceremony will take place during the symposium, where Faculty of Medicine and BHAAAS will sign Memorandum of Understanding. We will also hold the First statutory meeting of the Alumni organization of Faculty of Medicine.

At the Plenary session, the distinguished BHAAAS members, medical experts and researchers working in the USA, will present educational and professional challenges that students and young doctors could face.

We are kindly asking you to confirm your attendance by May 15th by sending an email to medicinski.fakultet@mf.unsa.ba or by telephone: +387 33 203 670.

Please find the seminar agenda enclosed.

Yours sincerely,

Prof. dr Almira Hadžović – Džuvo

DEAN, Faculty of Medicine

University of Sarajevo
